CT – Pie chart

Insights :

- **United States** has the highest sales at **25.03M (21.08%)**, leading all countries.
- **France (24.89M, 20.96%)** and **Canada (24.35M, 20.51%)** follow closely, showing a balanced sales performance among the top three.
- **Germany** records **23.51M (19.8%)**, indicating strong but slightly lower sales compared to the leaders.
- **Mexico** has the lowest sales at **20.95M (17.65%)**, suggesting room for growth.
- Overall, the sales distribution is fairly even, with only a small difference between the top-performing and lowest-performing countries.

Steps to reproduce:

1. Selected Pie chart from build visuals.
2. Pass country to legend and sum of sales to values.
3. Go to format your visual and change the values in legend
